I think if SEMD is on you should join. CNSL and ECAD may ask others to jump off at some point, but they'll let us know.

I should still probably just sit in from an awareness standpoint unless you think otherwise.

I may have jumped the gun on having the Superfund discussion in the 3:30 call. While you are still welcome to sit in on the call, we will probably need to limit the discussion to the status of State efforts on the site and the recent groundwater results. We can also schedule a follow up call to discuss the intent for the Superfund coordination. Please pass this on to anyone from the Water Division that may also be participating in the call. Thanks

Here is a meeting notice with the meeting link below if you want to add to your calendar, thanks

Region 7 requested a meeting for an update on AltEn. It is set for Monday, January 25, at 3:30 p.m. They are especially interested in the ground water monitoring results which we sent them. If you can't make it, please make sure someone in your area can report.

Thanks,  
Susan
